

### Expansions Modules HV-E16DI16DO

HV-E16DI16DO is I/O expansion module of HV series PLC.  
It has two types: HV-E16DI16DOR and HV-E16DI16DOT.  
16 points input.  
16 points output ( R-relay, T- transistor ).  
DC24V power supply.  
Can expand 7 this kind of modules with PLC.
